💼 EXPERIENCE

Livelihood Project

Digital Technology Lead (2017.7 - 8)

The Livelihood Project helps disadvantaged groups facing barriers to sustainable and resilient employment develop future skills to move away from jobs low-skilled jobs most likely to be affected by automation. I was responsible for web development, organizing events, expanding programs, and heading a marketing campaign at the Livelihood Project.

MoneySmarts

Co-Founder and Chief Technology Officer (2017.1 - Present)

MoneySmarts is a revolutionary software-based platform providing unique and interactive financial education targeted towards teens and young adults. Through my contributions, MoneySmarts has grown to almost 30 dedicated team members and amassed a multitude of awards, such as the Social Innovation Award at SAGE Canada.

Toronto Hacker Club

Logistics and Event Coordinator (2017.5 - 2017.10)

The Toronto Hacker Club is a student-run organization that aims to promote technology education throughout the Greater Toronto Area. My contribution as a logistics coordinator has resulted in successful events such as Brain Browse, a neuroscience conference, and THacks 2, a weekend-long programming competition involving over 400 eager students.

🎓 EDUCATION

University of Toronto Schools

Ontario Enriched High School Diploma (2016 - 2019)

The University of Toronto Schools (UTS) is the top co-ed secondary school in Canada. Students are admitted in a competitive two-stage process, where they must score in the top percentiles in the SAT. UTS is the home of two Nobel Prize Laureates. Students at UTS consistently score highly in academic competitions.
